- **Methodologies & Soft Skills:**
 - Agile Methodology, Analytical Thinking, Problem Solving, Teamwork, Time Management

WORK EXPERIENCE

- **Independent Full Stack Web Developer | Self-Employed** HALBA 6/2023 - PRESENT
 - Engineered and deployed full-stack web applications using React.js, Node.js, Express, and RESTful APIs.
 - Designed responsive user interfaces, dynamic e-commerce features, and interactive dashboards hosted on Vercel and Render.
 - Utilised Git and GitHub for version control, continuous deployment, and structured repository management.
 - **Selected Projects Showcase:**
 - Interactive Analytics Dashboard
 - Video Streaming Platform (YouTube Clone)
 - responsive multi-section website template
- **Full Stack Web Developer Trainee | Codi Tech** TRIPOLI 11/2022 - 05/2023
 - Engineered and deployed full-stack web applications for real-world clients through an intensive 6-month coding bootcamp and leadership programme.
 - Gathered and analysed client project requirements to build responsive, user-friendly, and custom dynamic web solutions.
 - Collaborated within cross-functional Agile teams across all stages of the Software Development Life Cycle (SDLC).
 - Tested and optimised front-end and back-end code to ensure seamless system performance and user experience.
